ORCHARD CONTINUES HIS CRIMSON STORY

Almost Every Crime In the Calendar for Star Witness.

18 MURDERS; BIGAMY AND ARSON

As to the Steunenberg Murder, Orchard Swore It Was Plotted by Haywood, Pettibone and Himself—Haywood Appears Unconcerned.

Boise, Idaho, June 8.—Harry Orchard crowned his admissions of grave crimes Thursday when, continuing his case against William D. Haywood, he made an explicitly detailed confession of the murder of Frank Steunenberg by an infernal machine that directly opens the way for his own conviction ad execution for the offense. He swore that the assassination of Steunenberg was first suggested by Haywood, was jointly plotted by Haywood, Moyer, Pettibone and himself; was financed by Haywood and was executed by himself, after the failure of an attempt in which Jack Simpkins had participated.

Orchard lifted the total of his own murdered victims to eighteen, detailed the circumstances under which he tried to murder Former Governor Peabody, Judge Goodard, Judge Gabbert, General Sherman Bell, D. H. Moffatt and Frank Herne. Incidentally he confessed to a plan to kidnap the child of one of his former associates.

Then, under cross-examination by the defense, Orchard confessed guilt of the sordid social crimes of deserting his young child and wife in Ontario, fleeing to British Columbia with Hattie Simpson, the wife of another man, and committing bigamy by marrying a third woman at Cripple Creek.

Through the shocking details of murder plots, stories of secret bomb-making and details of man hunts, with sawed-off shotguns and infernal machines as weapons, the witness went on in the same quiet, off-hand manner that marked his demeanor on Wednesday.

His voice dropped to a lower key as the pitiful story of the long hunt for Steunenberg narrowed down to the last day, and he told of the race from the hotel to the home to beat his victim, with the death trap, and the meeting in the evening gloom, as the victim walked unconsciously to his doom. Through it all he winced but once, and that was when the defense made him name his six sisters and his one brother, and give their residences in Ontario and New York.

The defense fought the story with a multiplicity of objections and succeeded in heading off an attempt to tell the story of the murder of Arthur Collins, at Telluride, and temporarily shutting out the contents of a telegram received and telegram sent by Orchard after his arrest. But for the rest, the state managed to get in its story intact.

There were the same precautons and the same armed guards to protect Orchard, and the same court room scene except that among the spectators the women to men were as two to one.

Orchard finished his direct examination at 2:35 o'clock and the cross examination had only reached down to the Coeur d'Alene days of 1899, when the court rose.

Counsel for Haywood claim they will be able to prove that what Orchard has stated is untrue. It is even claimed that they will, or can produce, people who will say that they themselves committed murders of which Orchard accuses himself.

Haywood, the man whom Orchard pictures as the arch conspirator, shows little concern. He even laughs outright when asked what he thinks of the testimony. He asserts positively that the connecting of his name with the murders is a falsification, and that Orchard has connected him with the crimes partly out of spite and partly at the suggestion of detectives and enemies of the Western Federation of Miners. It is not known yet if Haywood will go on the stand in his own defense. His counsel say they do not know that this will be necessary, as they have so much with which they can discredit Orchard's testimony.

Mr. Darrow expects the case to last until August 1, but the general opinion of counsel is that it should be concluded within five weeks from now.

HAIL STORM IN MERIWETHER.

Crops on About Fifty Farms Were Totally Destroyed.

Greenville, Ga., June 8.—A fierce western hailstorm struck this county at 4 o'clock Thursday afternoon, entering the county on the western border near Odessadale and passing along the trail of the cyclone that visited Greenville in 1893. The storm was accompanied by a strong wind that uprooted many trees and terrific lightning and thunder. Its track was about one mile wide. The loss to farmers is estimated at $50,000. Hail fell in such quantities that it covered the ground to a depth of several inches.

Crops of cotton and corn and gardens were totally destroyed on about fifty farms.

Capital Stock Must Be $100,000.

Atlanta, June 8.—No life insurance company can engage in business in Georgia with a capital stock of less than $100,000, according to a decision rendered Thursday by Attorney General John C. Hart, in response to a request from Secretary of State Philip Cook. Under section 2013 of the civil code all life insurance companies are required to have a paid in capital of $100,000 invested in good securities such as government bonds. Mutual and co-operative companies are, of course, excepted.

K. of P. Convenes at Jamestown.

Norfolk, Va., June 8.—The supreme assembly of the uniform rank, Knights of Pythias, convened in annual session at Jamestown exposition on Thursday. Two amendments were offered at the opening session, one changing the style of the uniform, bringing it nearer to the standard of the United States army, and another providing for a revision with radical changes in drill regulations. These were referred to proper committees. Both amendments are favored and probably will pass at this session.

Solomon Gets Freedom.

Atlanta, June 8.—After being constructively deprived of his freedom for twenty-two years as the result of a bond holding to answer for a homicide, Mark Solomon, a well known Atlantic Coast Line engineer, was Thursday given his absolute freedom by action of the prison commission and the governor. Solomon's case is one of the most remarkable that has ever come to the attention of the prison commission.

One Wreck Victim Will Die.

Nashville, June 8.—The wreck which ocurred on the Southern railway near Lebanon, Tenn., Wednesday, has been cleared away and regular traffic has been resumed. There are twenty-one victims of the wreck in the hospitals here, only one of whom, Mrs. R. P. Mattox, of Granville, Tenn., whose spine was crushed, it is thought, will die. Her condition is serious.

Major R. J. Bacon Dead.

Albany, Ga., June 8.—Last Wednesday night at his home in Baconton, 20 miles south of this place, occurred the death of Major R. S. Bacon. His death was due to a general breakdown from old age. Major Bacon was close to eighty years old. He was the uncle of Senator A. O. Bacon and was one of the most prominent citizens in south Georgia.

Bond Election at Columbus.

Columbus, Ga., June 8.—City council has ordered a bond election for September 10 on the question of issuing $75,000 of bonds with which to build a steel or concrete bridge at Dillingham street. The bonds will be of the $500 denomination and will run for thirty years, being retired at the rate of $2,500 a year. The issue will probably carry when submitted to popular vote.

GREAT DAMAGE FROM SWEEP OF CYCLONE

Destruction Wrought in Seaport of British India.

HARDLY A BUILDING REMAINS

Though the Casualties Have Not Been Reported, It Is Feared that There Has Been Great Loss of Life in City and Precincts.

Calcutta, June 8.—A destructive cyclone swept over Kurrachi Thursday. Several steamers were driven ashore and hardly a building remains unwrecked. The casualties have not been reported.

It is feared that there has been great loss of life, and the property loss will probably reach an enormous sum.

Kurrachi, also spelled Kurrachee and Karachel, is one of the principal seaports of British India. When it passed into the hands of the British in 1892, it was but a straggling village. It now presents the features of a modern city, is noted for its manufactures of carpets and fine silverware and has a population of over 120,000.

AIRSHIP BLOWN TO SEA.

Aeronaut Had Narrow Escape from a Watery Grave.

Boston, Mass., June 8.—The breaking down of his motor which allowed the airship he was navigating to be blown seaward, almost resulted in the death of Lincoln Beachy, of Revere Beach Friday.

Beachy had made a seven-mile journey from Revere Beach to Boston, sailing high over the city and passing over the steeple of St. Mary's house and the state house dome, finally landing on Boston common, where thousands of people were attracted by the airship.

On the return journey to Revere Beach the motor became disabled, when the aeronaut was a mile offshore, over Boston harbor, and the airship was carried some distance seaward. Beachy managed to partially repair his engine so as to get back to the vicinity of Revere Beach.

When about a hundred feet off shore the airship settled rapidly and it looked as if Beachy would be thrown into the water. Men in row boats and launches who hastened to his assistance, seized the drag rope and were able to tow him and his apparatus ashore before he struck the water.

Temperance Crusaders Attacked.

Frontenac, Kans., June 8.—Rev. J. M. Primrose and Rev. A. F. Berkstresser, temperance crusaders, who were released from jail here on Monday after they had been arrested on a charge of selling liquor, were attacked by twenty saloon sympathizers as they were boarding an electric car here Thursday night to leave town and severely beaten. Both ministers were knocked down and kicked in the face. Rev. Primros and Rev. Berkstresser had been buying liquor in Frontenac saloons for the purpose of acting against the keepers and were arrested on charges trumped up by the saloonkeepers for revenge.

Probable Railroad Change.

New York, June 8.—The Tmies publishes a report which it says was prevalent in the financial district on Thursday that the Cincinnati, Hamilton and Dayton railway is to be leased to the Chesapeake and Ohio and the Erie railroads as soon as the road's finances have been readjusted and the Morgan interests can make application for the discharge of the receiver, which was appointed a year ago last December, after the Morgan interests bought the property back from the Erie railroad.

Torreo Was Wealthy Mexican.

Madrid, June 8.—At a bull fight in which one of the torreos was a very wealthy Mexican, Senor Vincent Zugura, who proved himself very intrepid, was frantically applauded by the public. He gave the money to the poor.

BUILDING ACTIVITY IN SOUTH.

New Undertakings and Improvements Representing Millions.

Baltimore, June 8.—The Manufacturers' Record says:

Activity in building operations in different parts of the south continues. At Augusta, Ga., new undertakings and improvements representing more than $1,000,000 are under way or planned. They include many structures, from small dwelling houses to manufacturing enterprises, among the latter being a plant to manufacture roofing material and the enlargment of a pottery to make nearly all classes of iron-stone ware and semi-porcelains.

In the comparatively small city of St. Petersburg, Fla., 23 residences ranging in price up to $7,000 of stone or concrete are in course of construction, while at Tampa in the same state more than 300 houses are in course of erection and among the buildings to be raised at once are a $20,000 addition to a public school, a $60,000 brick block, a $11,000 brick building for stores and flats and two apartment houses, one costing $8,500 and the other $4,300.

Building activity is reflected in the incorporation of a $1,200,000 company to develop 50,000 acres of land in Mississippi containing approximately 400,000,000 feet of timber, principally pine, but including a quantity of hardwood, and the organization of another company with $1,500,000 capital to develop 107,000 acres of timber land in Louisiana.

DEATH STRIKES FAMILY.

Five Persons Die in Fourteen Days of Pneumonia in Chicago.

Chicago, June 8.—If Mrs. Jennie Danks recovers from the critical illness in which she lies, in ignorance of what happened about her, she will awaken to find five near relatives dead who were alive and well at the beginning of her illness.

Her father, Eugene Sittig, a prominent German business man of this city, the fifth to die in fourteen days, died Thursday of pneumonia. In six weeks six members of the family have died—Mr. Sittig's mother, one of his daughters, a cousin, a brother-in-law and sister-in-law and Mr. Sittig himself.

Mrs. Danks, the surviving daughter, knows her grandmother is dead, but not that her father, sister and other relatives have died of the same disease with which she is struggling.

Strike Agreement Ratified.

San Francisco, June 8.—The committee of the Iron Trades Council met Thursday night and ratified the agreement entered into betweenl the employes and the men on May 31st last on a basis of which the recent strike was declared off. Under the agreement the men return to work under the same conditions of hours and wages which prevailed when they struck. The employers, however, conceded that commencing Dec. 31, 1908, there shall be a reduction of 15 minutes in the work day every six months until an eight-hour day is reached on June 1, 1910. The ratification of this agreement affects 20,000 men who will now return to work.

Americans Drown in Thames.

London, June 8.—G. Otto Eitrech, whose home is in Freeport, L. I., and business in New York city, and an unknown woman, supposed to be an American, were drowned Thursday while boating on the Thames near Cliveden. The boat struck the roots of a tree and turned over and its occupants sank in three feet of water. The bodies were recovered. The man's identity was only discovered Friday. The woman was dressed in American fashion, and boatmen heard Mr. Eitrech call her Molly, but there was nothing on her body by which she could be identified.

Wolf Trap Catches Burglars.

Mitchell, S. D., June 8.—His place having been burglarized three times since Sunday, the proprietor of a local meat market placed four wolf traps near his shop. Walter Vandenburg, aged 11, sprung one of the traps, catching his fingers. Thursday he confessed, implicating another boy and a man.

United States Senator Says He Has Not Sought the Endorsement—The City of Washington Greatly Interested in the News.

New York, June 8.—United States Senator Philander C. Knox, of Pennsylvania, has announced his willingness to become a candidate for the presidency in 1908 should the Republican party see fit to nominate him.

Senator Knox's position was made known in expressing his appreciation of the action of the Republican state convention at Harrisburg, which endorsed him as a candidate for that office.

Senator Knox, who is stopping at the Waldorf-Astoria, learned of his endorsement by the Harrisburg convention, through the press dispatches. Having read these, including an abstract of the platform adopted, he said to a representative of the Associated Press:

"I am deeply sensible of the great honor done me by my fellow Republicans of Pennsylvania.

"In their convention, composed of delegates elected directly by the people, they have increased my many obligations to them by coupling with the endorsement of the admiration of Theodore Roosevelt, the suggestion of my name as his successor.

"I have too profound a sense of the dignity of the chief magistracy and too intimate a knowledge of its labors and responsibilities to have sought this endorsement. If, however, the wishes of Pennsylvania Republicans and the reasons they assign for their action should commend themselves to the national Republican convention, I would accept its action with full appreciation of its import."

Senator Knox added that he would have nothing further to say at present concerning his candidacy. Accompanied by Mrs. Knox, he has been visiting friends here.

Washington, June 8.—The announcement of Senator Knox, in New York, that he would be willing to become a presidential candidate in 1908 if the party nominated him, created much interest here. Mr. Knox's announcement was communicated to the president who read what the senator had to say, but he made no comment thereon.

PEABODY'S LIFE THREATENED.

Former Governor of Colorado Receives Anonymous Letters.

Kansas City, June 8.—James H. Peabody, former governor of Colorado, who is here on business, said Thursday night that he had since the Haywood trial in Boise began, received several anonymous letters thraetening his life. He said he had paid no attention to the letters because they evidently did not come from responsible sources.

"It would be very injudicious on my part to make a statement about this man Orchard's testimony, or about the Haywood case," continued Mr. Peabody. "I've been subpoenaed as a witness in the case and I'm only waiting a telegram calling me to Boise to testify. I wish I might state just what my testimony will be and what I know about the case and these various threats and charges, but I don't want to do a thing that could be construed in the light of trying to create any prejudice in the Haywood case."

Fell 1,000 Feet; Dashed to Pieces.

Barcelona, June 8.—As the balloon Cirezso ascended from the gas works here Thursday a glazier took hold of the cord evidently wishing to make the ascent with the Count of Mendoza and his brother, who were in the carriage. The balloon ascended rapidly to a height of 1,000 feet, when the man lost his grip and fell to the ground. He was picked up in pieces by some peasants.

Fell 1,000 Feet; Dashed to Pieces.

Barcelona, June 8.—As the balloon Cirezso ascended from the gas works here Thursday a glazier took hold of the cord evidently wishing to make the ascent with the Count of Mendoza and his brother, who were in the carriage. The balloon ascended rapidly to a height of 1,000 feet, when the man lost his grip and fell to the ground. He was picked up in pieces by some peasants.

Jury Finds Battle Guilty.

Macon, Ga., June 8—Thursday the jury in the United States circuit court returned a verdict of guilty of murder of D. M. Berry, in the government building here on May 16, last. The case will be carried to the United States supreme court on a question of jurisdiction, which is disputed and on other grounds. The verdict means a life sentence.

Eighth Victim of Wreck.

Elyria, O., June 8.—Margaret Butler, 16 years old, whose legs were crushed off in the wreck on the Cleveland and Southwestern electric line here on Decoration day, died Thursday night, making eight fatalities as a result of the collision.

Well Known Sportsman Dies.

Toronto, June 8.—Alexander McKenzie, owner of the Kirkfield stable and one of the best known racing men on the northern circuit, died suddely Thursday afternoon of appendicitis.

VESSEL GOES TO JUNK PILE.

Old Sloop-of-War St. Louis Had Weathered Storms of Century.

Philadelphia, June 8.—After having weathered storms for nearly three-quarters of a century, the old sloop-of-war St. Louis has been sold by the government to a junk dealer of this city for $4,210.

The vessel was condemned by a board of surveyors, at League Island navy yard, and it was decided by the navy department that it should be sold, the upset price being fixed at $3,300. The great amount of copped in the old hulk made it more than usually valuable.

The St. Louis was built at Washington in 1828 and was the vessel with which Captain Ingraham overawed an Austrian squadron in the harbor of Smyrna and secured the release of an American citizen who was held a prisoner on the Austrian flagship.

ANOTHER POLE SEARCH.

Captain Mogg and Party Backed by San Francisco Capitalists.

Seattle, Wash., June 8.—Backed by San Francisco capitalists and under general instructions from the Geological society of London, Captain William Mogg and party sailed from Port Townsend, aboard the ship Jas. Drummong Friday on a cruise that carries every detail of a search for the north pole.

The ultimate destination of the party is Point Cape Prince Alfred, in the northernmost extremity of Banks Land and 500 miles northeast of the mouth of the Mackenzie river.

DETECTIVE WORK.

Just as an intelligent detective sets himself to discover the identity of the perpetrator of a crime that seems mysterious, so the medical man goes to work to discover the origin of the troubles of his patient. He knows that in most cases some of the organs of the body are not performing their functions properly, and knowing that in a large percentage of cases the action of the bowels is at fault, he early inquires whether his patient is constipated. If so, the physician knows that if a cure is to be effected, the constipation must be not only relieved, but permanently remedied and that in order to accomplish this certain muscles must be given new strength and elasticity. For this purpose successful medical men pin their faith to a preparation of ½ oz. Fluid Extract of Senna, ½ oz. Rochelle Salts, 1 oz. Aro-Sagrada, 30 grains Bicarbonate of Soda, ½ oz water and 1½ ozs. Glycerine. Of this the patient is given a teaspoonful at bedtime and before each meal, the treatment being continued until there is free movement of the bowels. This simple prescription can be put up by any good druggist.

Bundrick Must Hang.

Atlanta, June 8.—George W. Bundrick, who sprang from ambush and shot to death Farmer Schroeder, in Crisp, formerly Dooly count, must pay the penalty of his crime on the gallows. For the second time Thursday the prison commission declined to recommend clemency in Bundrick's case, the declination has been approved by Governor Terrell and Bundrick will be hanged on Friday, June 14th.

Do Not Neglect the Children.

At this season of the year the first unnatural looseness of a child's bowels should have immediate attention. The best thing that can be given is Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by castor oil as directed with each bottle of the remedy. For sale by all druggists.

Will Write New Drama.

London, June 8.—William Gillette, who reached London Wednesday, has arranged with Charles Frohman to write a new drama for the latter for production in America and England, before he resumes acting. Mr. Gillette will return to the United States soon and devote six months to writing the play.

DUNLAP PHINNEY SHOT AT RALEIGH

Was Instantly Killed by Man by Name of Lowman.

TROUBLE BREWING SOME TIME

Last Year Phinney Shot and Seriously Wounded One of the Lowmans, and the Tragedy of Saturday Night Was the Outcome of This Trouble.

Raleigh was the scene of a tragedy about dark Saturday night which cost Dunlap Phinney, a well-known resident of that section, his life, Phinney having been shot and instantly killed by a man by the name of Lowman.

There has been trouble between Phinney and the Lowmans for some time, and during last year Phinney shot one of the Lowmans. The tragedy Saturday night was the outcome of this trouble.

No particulars of the shooting could be secured, but the information was verified.

AT THE CHURCHES TODAY.

List of Various Places of Worship, Where Those Desiring May Attend.

Services will be observed at the various places of worship this Sabbath as follows:

First Methodist Church—Owing to the absence of the pastor, Rev. T. J. Nixon, who is attending commencement exercises at Emery College, Oxford, Ga., Rev. Frederick Pasco will preach at both morning and evening services. There will be Sunday school at 9:30 a. m., Junior League at 2:30 and Senior League at 3:30 p. m.

First Baptist Church — Sunday school at 9:30 a. m. Preaching by Rev. P. W. Corr of Jasper at 10:30 a. m. and 8 p. m. Senior B. Y. P. U. will meet at 7 o'clock p. m.

First Presbyterian Church, Rev. Thos. P. Hay—Morning service 10:30 o'clock; subject, "Greater Works Than Christ's." Sabbath school at 4 o'clock, at which there will be taken offerings for the repair and organ fund. Preaching in the evening at 7:45; subject, "Courage for Service."

Advent Christian Church—Sunday school at 10 a. m . Preaching at 10:45 a. m. by Elder Joe Sherouse; subject, "From Prison to Palace." Preaching again at 7:45 by Elder Sherouse; subject, "The Life of Paul."

The usual services will be observed at Holy Trinity Episcopal and St. Patrick's Catholic churches.

ADVENT CHRISTIAN CHURCH.

Elder Joe Sherouse Continues to Interest Good Congregations.

By special request Elder Sherouse preached Friday evening on "Salvation By Grace," which was a grand effort and proved to be a subject of much interest. The congregation was good and we feel sure that all present were very much impressed with the discourse.

On Sunday morning Elder Sherouse will preach on the subject, "From Prison to Palace," and his subject for Sunday evening will be "The Life of Paul." These are subjects of much interest to all and we feel sure those who hear them will have no cause for regret.

DEATH OF MRS. ROLFS.

Mother of Well Known Gainesville Man Passed Away in Iowa.

The following is taken from The Miami Metropolis of the 5th inst., and will prove of interest to readers of The Sun:

"Mrs. P. H. Rolfs received a telegram today from Prof. Rolfs, who is in Iowa, announcing the death of his mother, Mrs. Mary Rolfs, at her home in that State. Prof. Rolfs was at his mother's bedside when the last moment arrived in his mother's life, having stopped there on his return from Michigan, where he had been attending a meeting of agricultural experts."

Prof. Rolfs is director of the experimental station at the University, and is very popular here. His friends will sympathize with him in this thouble.

Notice to Water Consumers.

Owing to the extreme and continued dry weather, the demands made upon the pumping station are greater than can be suppiled. The only relief that appears to be within reach at present is to ask everyone to stop the use of their sprinkler services.

With the diminished and diminishing water supply at the pumping station it is impossible to supply the domestic service and the sprinkler, or fountain service, and of the two, I believe that all will agree that the domestic service is the most necessary and the most important.

If everyone will make this sacrifice, I have no doubt but that we shall all be able to enjoy a splendid household supply.

Very respectfully yours,
B. F. MILLER,
Superintendent.

CRIMINAL OF A CENTURY.

Each century in history has produced at least one master criminal, says The Atlanta Constitution, whose deeds stand out with a revolting clearness that gives him immeasurable distinction over other men or women who have wantonly stepped outside the pale of human and divine law.

Taking the testimony from his own lips as guidance, it is likely that Harry Orchard, chief witness for the prosecution in the famous Haywood trial, will be written down as the most glaring criminal product of the century in which we are now living.

By whatever means Orchard's evidence was secured, whatever immunity has been promised him, is irrelevant to the issue. The man is his own accuser. He has written his own indictment. Calm of manner, steady of nerve, no muscle of his face twitching as he unreels his astounding recital, he supplies each single one of the elements demanded by that great master of criminology, in the horrifying outline he has drawn of the ideal murder.

Human life seems to have meant nothing to this man. The abrupt ending of one man's existence, or the snuffing out of fourteen lives, appeal to him, apparently, as possessing all the ingredients of the commonplace. The lust of blood appears to have been prolific in breeding and interbreeding itself, and reproducing its ghastly spawn in endless quantitfes. The ghost of his victims do not rise up to confront him, as, with the nonchalance of an after-dinner speaker, he strings together the red and brutal story that sickens even the morbid listening audience.

One reads with amazement as the chapters come, unhesitating, from the imperturbable man in the witness chair, and is moved to ask—has he anything in common with human nature? Human nature, with all its saddening frailties, presents at times its redeeming and softening qualities. Not so with Orchard. If the man ever possessed the capacity of emotion, it appears to have been stricken from his soul. One looks in vain for the touch which shall mark him as one with flesh and blood, and is tempted to speculate if, like Stevenson's repulsive creation, Hyde, he does not stand unique among his fellows as evil—evil, all unmitigated and unblended.

If the revelations had been forced from him by the pincers of the law, or under the pitiless cross-examination which sometimes undermines the endurance of the most callous breaker of the law, it would be different.

But the man, seemingly without coercion, with little coaching, of his own volition, unwinds a chronicle of atrocities standing without counterpart in modern criminal jurisprudence. Will he rank as the master criminal of the twentieth century?

Judge A. O. Wright, a veteran journalist known throughout the State, has been nominated for judge of the municipal court of Jacksonville. A more worthy successor to the lamented Judge Dzialynski could not have been named.

Query—If the city cannot furnish water on the second story for bathing purposes, how is it to supply water for sewerage purposes?

EXPRESSIONS OF FLORIDA EDITORS.

Rumor has it that Hon. D. H. Mays is to again make the race for Governor. So it seems that Monticello will have her usual quota of office-seekers in the campaign of 1908.———It is the general opinion that Hon. E. S. Matthews made a capable and successful presiding officer, for in this capacity his work excelled the fairest anticipations of his host of admirers. Better and higher things are doubtless in store for him.—Palatka Times-Herald.

If the story that W. J. Hillman of Live Oak only gave $35 for a tract of phosphate land in Polk county that he recently sold for $600,000 in true, Florida need no longer occupy a rear seat when it comes to a show-down of fortunes made from a small investment. And that geological survey provided for may show more mineral wealth in Florida than the people now dream of.—Rockledge News.

Senator Taliaferro appeared in Washington last week as the herald of prosperous times in Florida. He went to attend the Brownsville hearing, but he seized the opportunity to declare that never in the history of the nation's southermost State have the people been so prosperous or conditions for the investment of Northern capital more inviting. According to Senator Taliaferro, Florida is yet to become one of the greatest tobacco growing States in the country. He declares that on some of the tobacco farms earnings of $300 an acre are not uncommon, and the man with one hundred acres planted to this crop is fixed securly financially. As to the other principal crops of the State, those of grape fruits and of oranges, these crops, the Senator says, are greater in yield and much more in demand than ever before. These conditions are due first to the greater intelligence of the farmers and their better knowledge of soils and horticulture, and to the growing demand for the fruits, especially with regard to grape fruit.—Titusville Advocate.

John W. Watson is a name often heard in connecton with the gubernatorial succession. Mr. Watson is an able man and would make the State a good Governor.———Poultry raising seems to have been almost abandoned in Bradford county. The Starke market is bare of chickens about four-fifths of the time, notwithstanding they command good prices at all times.———They are talking about this one and that one running for Congress against Frank Clark. The fellow who wants to keep his scalp had better let Frank alone. A large majority of the people of the Second district are entirely satisfied with his service and intend to keep him in Congress.—Starke Telegraph.

Once again the "Land of the Manatee" is perfumed by the fragrant orange blossom. The recent rain has caused the orange trees to put on a June bloom and many of the trees are now more heavily laden than in February.—Manatee Record.

The Pearson Oil Company, which is boring in the neighborhood of Citronelle, is meeting with the most favorable indications. The experts in charge of the boring are now over 1,100 feet deep and think the chances are good for striking oil. Over $50,000 has been spent by the company and they have $160,000 more which they will use, if necessary, in the effort to strike oil in Florida.—Dunnellon Advocate.

Governor Broward has suspended from office Judge S. T. Shaylor, judge of the criminal court of record of Duval county, giving him until June 15th to answer the charges preferred. The frequent adjournments of court is said to be the cause of the Governor's action.

Senator Knox of Pennsylvania is the latest candidate for the Republican nomination for President, having been unanimously endorsed by the Pennsylvania convention.

The Tampa Chamber of Commerce favors holding the State fair in February, instead of November, as heretofore. The Sun believes the suggestion a good one.

Bob Holly is making The Orlando Daily Reporter-Star brighter than ever. Good luck to you, Bob.

A STRONG INSTITUTION.

The Dutton Bank, successor to the Dutton & Co. institution, has applied for a patent to Governor Broward, notification of which was published yesterday.

Dutton & Co. has for many years been recognized, by the business world, as a strong, reliable banking institution. The fact of the retirement of its officers from active business caused an expression of regret from its many hundreds of well satisfied clients. To perpetuate its sterling business methods, and its integrity, the good-will and real property of the institution has been purchased by a new corporation, which has applied for letters patent as stated above.

The new association will undoubtedly at once earn for itself the same note, for conservatism and quality, as was accorded the older institution, for its board of officers is made up of the names of our most distinguished citizens, as well as men strongly identified with the progress and welfare of our municipal life and civic advancement—men who have, by their conservative business acumen, advanced Gainesville values to a point which has brought our city into the strong light of public notice as a desirable location for investment. Now that they have formed themselves into an association, their splendid energy will be at once felt by a redoubled activity along those lines making to a greater Gainesville, for the effort will be of association rather than of individual as heretofore.

The success of the bank is at once assured, for the faith of the people, which primarily is responsible for the upbuilding of such an institution, will give liberal support to such a coterie of honorable gentlemen and men of business.

The influence of a corporation of the character is tremendous, and from the life-long example of each individual member, going to make up the ensemble of the board of directors and officers of the new concern, it is safe to say the influence of this particular corporation will be for all that is good, conservative and advancing to the interests of our city.

The Hon. W. R. Thomas, Messrs. C. W. Chase, H. F. Dutton, J. G. Nichols, G. K. Broome, S. J. Thomas, J. A. Maultsby, J. B. Padgett, W. W. Hampton, W. B. Taylor, J. H. Vidal, H. E. Benson and P. H. Baker are the share-holders of the capital stock. With the names of such judicious business men behind it, the new Dutton Bank deserves the confidence and liberal support of the public.

Col. John L. Neeley, former secretary of the railroad commission, but now a leading attorney of Tallahassee, will probably be a candidate for railroad commissioner in 1908. Col. Neeley was at one time a resident of Gainesville, and his old friends here would be delighted at the opportunity to vote for him for the office, which he is iminently qualified to fill.

The Lake City Index says it is reported that Hon. Eugene Matthews, editor of The Starke Telegraph and Representative from Bradford county for the past two terms, will be a candidate for State Senator from the Thirteenth district next year. Better be careful, Gene, how you "buck" Doc Crews.

R. C. Dunn, for the past five years secretary to the railroad commission, will be a candidate to succeed Commissioner John L. Morgan, who will not be a candidate for re-election. Mr. Dunn is editor of The Madison Recorder and is well known throughout the State.

Beware of Ointments for Catarrh that Contains Mercury

As mercury will surely destroy the sense of smelling and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c per bottle.

SERMONETTES

BY J. MARVIN NICHOLS.

We are all diamonds in the rough.

The old world is sad enough without having to hear the story of your woes.

We deny the evil reports about our friends in the proportion that we love them.

The more lowly your station the better the chance to display your higher qualities.

Some who fling roses at the marriage feast are the first to lead the mob at the hanging.

The bee lives longer in its sunny hours than the slow, poor tortoise in all his toilsome years.

Did you ever notice that harsh criticisms hurt no one but the critic himself? This is a law without variation.

A diamond is no less precious when incased in a rude receptacle. Poverty is oftimes graced by the rarest gems.

Never believe anything bad about anybody. Never tell that until you know God is listening while you whisper.

Wrong is like the Australian's boomerang. It makes its circuit only to fall at the feet of him who flung it on its way.

A train detoured over another road takes on "a pilot." He is an extra engineer that knows the road. So are silver hairs to youth—they're our pilots. To ignore them means wreckage.

Higher powers than those we dream of are at work behind the veil of life. Silent partners—silent and unseen, playing their part in the mighty drama of our destiny. Do your best, and leave all the rest to the care of the silent partner.

When you have tried to do your best yet have been misunderstood—when you feel broken-hearted and forsaken, go out in the fresh air under the friendly sky and whisper your secrets to the silent stars. Let the soft wind fan your feverish face. Your loneliness will flee away and your sorrows will soon be gone.

The eidelweiss is a little, perennial, white, wooly plant that grows high up among the alps. It grows only when bosomed in eternal snow and nursed by the tempest. Some of the sweetest spirits I know are like reeds shaken in the wind. The greater the storm the grander the life. How indefinable—how often seen.

In my Harper's Bazaar, Margaret Deland writes of the wickedness of growing old. "Except the surrendering of the soul to age without a fight," she says, "there are few more pathetic sights than this of the poor, defeated body, never giving up its fight against age." "Real age" is what we must be on the watch for. Its three deadly symptoms are: "Selfishness, Stagnation, Intolerance." The three invulnerable defenses which, if we use we shall die young, are: "Sympathy, Progress, Tolerance." We must read, we must listen, we must think. Better sit down with a dictionary and a book in a foreign language and deliberately exercise the atrophied powers of concentration and attention in good hardy study than to let those powers still harden and waste away.

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must, from necessity, be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumatic pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but $1.25. For sale by all druggists.

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you I am free from all that this morning. You can use this in behalf of suffering humanity."

ANNUAL SALE, TEN MILLION BOXES

MRS. STEUNENBERG TALKS.

She Hopes Orchard Has Repented and Will Be Given Chance to Reform.

Seattle, Wash., June 8—A dispatch to the Post-Intelligencer from Walla Walla, says:

"Harry Orchard has done many wrongs, but I hope that he has repented now that he understands their magnitude, and that he will be given a chance to lead a good, true and honest life after the present ordeal has passed."

This is the statement of Mrs. Frank Steunenberg, widow of the former governor of Idaho, who was killed by a bomb planted by Orchard at the gateway of his home in Caldwell.

Mrs. Steunenberg is attending the annual camp meeting and conference of the Seventh Day Adventists at College Place, 3 miles west of Walla Walla. She seems to be above hatred for the man who killed her husband, and her conversation would indicate that she has forgiven him.

As to Moyer, Haywood and Pettibone, she expresses no opinion, saying she had not thought of their connection with the case. She is leading a secluded life, spending most of her time reading the Bible and other religious works.

There Are Few

People who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for Chills and Fever and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown-up people, and I recommend it. It is fine for La Grippe." Sold by W. M. Johnson.

To Our Friends and Patrons.

The closing of our banking department is now fixed for the 5th of July. This will be immediately succeeded by The Dutton Bank, a State institution organized by and to be conducted and managed by some of the most reliable and conservative men of the city and vicinity.

All deposits in the bank of H. F. Dutton & Co. will be transferred to the new bank, unless otherwise directed by the depositors, and business will continue without change or interruption of any kind. The new bank will forward receipts and all necessary papers to the depositors.

Parties holding time certificates of deposit can have them redeemed at once, with interest, or can hold them until their maturity, to suit the wishes or convenience of the holder. The new bank will issue certificates with like conditions if parties so desire.

We bespeak for our successors the same liberal patronage that we have received. They are men so well known in this vicinity that they will have already secured the confidence of others as they have of ourselves. They ask for your patronage, and will return in favors as liberal as a conservative method of doing business will permit. If our old depositors, who have been with us so many years, will extend to them the same confidence, favors and patronage that they have so liberally given us, they will add to the many obligations under which they have already placed us.

H. F. Dutton & Co. will handle cotton (bales of cotton) as usual at the old stand. Very sincerely,

H. F. DUTTON & CO.

Tetter Cured.

A lady customer of ours had suffered with tetter for two or three years. It got so bad on her hands that she could not attend to her household duties. One box of Chamberlain's Salve cured her. BEAR TIES UP RAILWAY.

Disarranged Schedule of Mr. Harriman's Road for Miles.

Ogden, Utah, June 8.—A mother bear in quest of her young Thursday tied up the Kemmerer division of the Union Pacific railroad system. Incidentally she kept two operators at Bryan, Wyom., prisoners in their sleeping apartments for hours, while angry trainmen swore at having to stop at a place where stops were not scheduled.

A newly arrived telegrapher foolishly invested in two cubs—the offsprings of the mother, who, for two days had hunted high and low for her children. As a last hope she peeped into the bunk house of the operators, who fortunately had seen her coming, and at a lively rate had proceeded to bar the door which led into the station. Mother bear growled a little but seemed content to wait.

A freight train crew not seeing the semaphore in place started to investigate. They found the operators waiting to be rescued. With the assistance of three hundred Greeks, who were in work cars up the road a short distance, the mother bear was driven off after having disarranged the schedule of Mr. Harriman's railroad for hundreds of miles east and west.

Baseball Players and Foot Racers.

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1.00. Sold by W. M. Johnson.

Among the clever traveling men in the city is W. E. Murr, representing the Hargrave & Leak Company, manufacturers of skirts, Wadesboro, N. C. Mr. Murr has been a tri-annual visitor to the trade in Gainesville for many years, and is quite popular throughout this section.

Hon. R. B. Weeks of Hawthorn, chairman of the school board, who has been assisting Superintendent Kelley in the examination, returned to his home yesterday. "Uncle Bob," as he is familiarly known, is making an excellent official, and his services are appreciated by the public at large.

L. J. Brukhim and son, Louis, Jr., left yesterday for Atlantic City, N. J., where the former, who is past grand dictator of the Knights of Honor of Florida, will attend the session of the Supreme Lodge of this order. Master Burkhim will proceed to Trenton, N. J., where he will spend several weeks with the family of J. M. Endel.

Attention is called to advertisement of The G. W. Hyde Company, who announce that the big continuation sale will last for ten days more. This firm, which is one of the largest and most up-to-date in the State, is offering some great bargains in all lines, and it will pay prospective purchasers to call and inspect the goods and prices.

The big clothing sale of Phifer & Morris, notice of which appears elsewhere in this paper, promises a feast of bargains for those in need of clothing, as the firm announces they will give one-fifth reduction in all lines. This is one of the largest and most reliable establishments in this section of the State, and their statements may be absolutely depended upon.

Hon. W. B. Sadler, assistant State auditor, who has been in the city for the past few days on official duty, returned to his home at Lake City yesterday. Mr. Sadler is a very prominent official throughout the State, and has many friends. He may later decide to enter the race for comptroller, although he has not yet made up his mind in this direction.

As will be noticed elsewhere in this issue, Superintendent B. F. Miller of the waterworks emphasizes the fact that the water supply is exceedingly low, and requests patrons to cease the sprinkler service until the supply will permit. This shortage of supply has been brought about by the long and continued drought, and consumers should exercise caution in the using of water.

TEACHERS' EXAMINATION.

Concluded Friday, After Being in Session for Four Days.

After a session of four days, beginning Tuesday, the annual examination of applicants for teachers in Alachua county schools came to a close Friday afternoon.

The examinations were conducted under the personal supervision of Dr. J. L. Kelley, county superintendent, assisted by Hon. R. B. Weeks of Hawthorn, chairman of the school board, Miss Serena Shannon of this city, and Prof. Bell of Waldo.

There were fourteen white applicants, only two of whom were males. The number of colored teachers taking the examination was twenty-three.

The papers are now in the hands of the grading committee, and it will be several days before the report will be made.

Applicants for position of teacher in Alachua county must pass a very rigid examination, which accounts for the fact that this county enjoys the reputation of producing the most competent instructors in the State.

Fennell and His Patent.

Sheriff L. W. Fennell has always enjoyed the reputation of being the most humane sheriff in the State. It it not only the prisoners he looks after as regards humane treatment and comfort, but he extends his practice to the dumb family, for which he has a sense of high regard.

Mr. Fennell is a great dog fancier, as is evidenced by the number of canines he has on hand at all times. With a view to their comfort, he has compounded a mixture, a kind of insecticide, which he is using as a preventative for fleas, and which he declares is the best he has ever used.

Mr. Fennell is seriously considering a patent on this insecticide, and in that event it will be placed on the market. It can be sold at a reasonable figure, and there is no reason why Sheriff Fennell could not make a good thing out of the venture.

A Happy Mother

Will see that her baby is properly cared for—to do this a good purgative is necessary. Many babies suffer from worms and their mothers don't know it—if your baby is feverish and doesn't sleep at night, it is troubled with worms. White's Cream Vermifuge will clean out these worms in a mild, pleasant way. Once tried always used. Give it a trial. Price 25 cents. Sold by W. M. Johnson.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the germ you remove the effect."

THE KING OF BLOOD PURIFIERS

For more than forty years S. S. S. has worn the crown of public approval and has been recognized as the King of Blood Purifiers. It has demonstrated its ability to CURE in thousands upon thousands of cases of blood and skin diseases until it is regarded today as the most reliable and safest of all blood medicines.

Pure blood means strong, vigorous bodies, well nourished systems, steady nerves, and all the machinery of life working in harmony with nature—thus insuring perfect health. Impure or diseased blood means the opposite of all this; any impurity, humor or poison in this vital fluid acts injuriously on the system and affects the general health. Pustular eruptions, pimples, rashes and the various skin affections show that the blood is in a feverish and diseased condition, as the result of too much acid or the presence of some irritating humor. Chronic Sores and Ulcers are the result of morbid, unhealthy matter in the blood, while Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders that continue to grow worse as long as the poisons which produce them remain in the blood.

All blood troubles are not acquired. Through the blood disease germs are transmitted from one generation to another. Parents hand down a tainted circulation to their children, and we see its effects manifested in various ways. The skin has a waxy, pallid appearance, the eyes are often weak, glands of the neck enlarged, and, as the taint has been in the blood since birth, the entire health is usually affected, and the system weakened from want of nourishing, health-giving blood.

THOROUGHLY TESTED IN HER FAMILY.

S. S. S. has been used extensively in our family, given to both young and old, and always with the best results. It thoroughly cleanses the blood of all impurities, at the same time it builds up the general health, gives appetite, strength and energy. We have given it to our children, as intimated, and found it to be non-injurious to the system and always capable of purifying the blood and restoring health. I unhesitatingly recommend it to all in need of a blood medicine. It is superior to everything else as a cure for blood diseases.

MRS. CLARA DAUBERT.

Schuylkill Haven, Pa.

In all blood troubles S. S. S. has proven itself ***"The King of Blood Purifiers."*** It goes down into the circulation and removes all poisons, humors, waste or foreign matter, and makes this life-stream pure and health-sustaining. Nothing reaches inherited blood troubles like S. S. S.; it removes every particle of the taint, purifies and strengthens the weak, deteriorated blood, supplies it with the healthful properties it needs and establishes the foundation for good health. As a tonic S. S. S. has no equal, and it will be found especially bracing to weak, anaemic persons.

One of the greatest points in favor of S. S. S. is that it is purely vegetable, made from nature's healing, cleansing, health-producing roots, herbs and barks. It is the one medicine that may be taken with absolute safety by the youngest child or the oldest member of the family. Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison, and all other blood troubles are cured permanently by S. S. S., and so thorough is the cleansing of the blood that no trace of the disease is left to break out in future years, or to be transmitted to offspring. If your blood is out of order begin the use of S. S. S., The King of Blood Purifiers, and restore this vital fluid to its normal healthy condition, and enjoy the blessing of good health. Book on the blood and any special medical advice desired will be furnished free of charge to all who write.

PURELY VEGETABLE

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

THE COTTON CROP.

Indications Are That Yield Will be Heavy the Coming Season.

Indications are that the cotton yield during the coming season will be one of the heaviest in this section of the State for several years.

Notwithstanding the fact that this section of the State suffered a long and disastrious drought, affecting all crops, the cotton stands, while somewhat late, give promise of a prolific yield. This is especially true as regards the West End and the Alachua section, where those in a position to know state that the crop will be exceptionally good.

How People Lose Their Money.

By concealing it about their person; by stowing it away in mugs, jugs and jars; by sewing it up in skirts and ticks; by tucking it under the couches and carpets, in cupboards and bureau drawers; these are some of the ways by which people lose their money, and sometimes their lives.

How People Save Their Money.

By depositing it in a good, reliable bank. Confident that this bank fully meets the public's needs, we tender its services to all who believe in keeping on the safe side.
